Family Forum, Inc. partners with local dental clinics to provide free dental checks to Head Start children twice a year. Family Forum, Inc. also conducts vision and hearing screenings for children once a year.

Professional Development System:

At Family Forum, professional development begins with onboarding. Additional components of our Professional Development System are:

- Agency, center and individual trainings.
- Paid opportunities to attend local, state and national workshops.
- Job-specific supports, coaching and mentoring
- Conscious Discipline training opportunities.
- Paid time and registration for all mandated courses such as First Aid, Abusive Head Trauma, Civil Rights and Mandated Reporting of Child Abuse and Neglect.

All employees receive an annual membership for WHSA (Wisconsin Head Start Association) and NHSA (National Head Start Association).

We pride ourselves in having a process in which employees are able to gain foundational knowledge at the beginning of their employment and continue their learning by shifting from being knowledgeable about their job to becoming experts that offer support to others, making Family Forum, Inc. a great place to grow and learn.

Going forward, we will continue to strengthen our participated in our Professional onboarding process and the many professional development opportunities and supports we have available to our employees.

82.8%

82.8% of employees received financial support for their **Professional Development.**

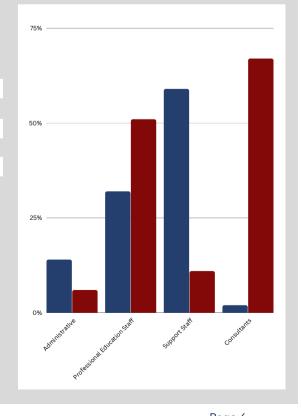

Development Program.

Program Options:

Family Forum, Inc. Early Head Start (EHS) and Head Start (HS) programs provides stability, support, and enriching experiences to families that are primarily low-income. Our first priority for selection and enrollment are children and families that are experiencing homelessness and children in foster or kinship care.

- EHS classrooms that provides services to infants 6 weeks of age up to 34 months.
- EHS home-based program for prenatal women and children up to the age of 3 years old.
- Pre-School Head Start classrooms that offer a fullday and part day options.

All families are encouraged to apply.

Family Forum, Inc. is an equal opportunity institution.

Family and Community Engagement:

Results of our 2021-2022 Family Satisfaction Survey:

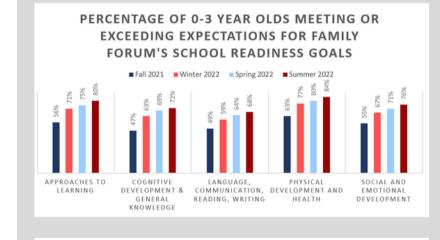

- 94% of our Head Start families reported a better understanding of their child's growth & development after being in Head Start.
- Over 90% of our Early Head Start & Head Start families said their teacher or home visitor shared ideas with them on how to work on school readiness skills at home.
- At least 94% or higher of our Early Head Start & Head Start families said they are better prepared for the next school year because they participated in our program.

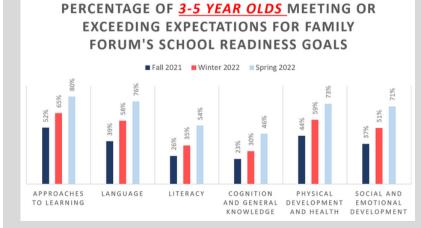

Families reported the top five benefits of being in our Early Head Start & Head Start program were:

- 1. Participating in discussion about their child's development & learning new ideas for how to continue to build their child's skills.
- 2. Having their child receive dental & fluoride care at our center.
- 3. Receiving ideas for how to get their child ready for the next school setting.
- 4. Setting and achieving their family goals with support from our staff.
- 5. Participating in Child & Family Learning Days.

Education - Child Outcomes:

The graphs reflect the percentage of kids in our Head Start and Early Head Start programs that rated at the proficient level in the domain area.

Effectiveness is achieved if at least **80-85%** of children are meeting expectations at each age level by the end of the school/program year.

During the 2021-2022 program year, our goal was to begin to return to typical programming post Covid-19. This consisted of children attending our program 4 days a week and only participating in virtual learning if necessary. We accomplished this goal with the exception of needing to participate in virtual learning a few times throughout the year. We expect our Child Outcomes Data to reflect the impacts of the pandemic for years to come.

To increase the percentage of growth our children make throughout the year, we are working towards:

- Building our staff and children's social emotional skills using Conscious Discipline.
- Continuing to learn how to effectively use the Frog Street curriculum and individualize for each child.
- Training teachers on effective teaching practices and positive teaching interactions.

Federal Reviews:

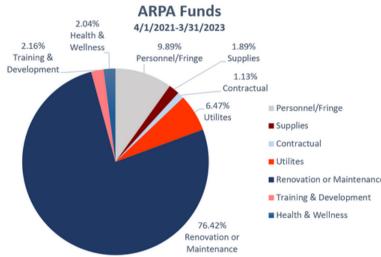

The Administration for Children and Families Office of Head Start (OHS) assesses grantee compliance through a monitoring system that is aligned with a comprehensive five-year continuous oversight plan. The Aligned Monitoring System ensures that all Head Start programs provide high-quality services to children and families by facilitating compliance with Head Start Program Performance Standards.

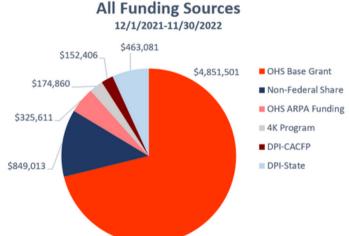

No Noncompliances were issued during the FA 1 and FA 2 Federal reviews, 2018-2023.

Finance Budget Breakdown:

BUDGET AREA: Family Forum, Inc. receives federal funds from the Department of Health and Human Services, Administration for Children and Families, and the Office of Head Start. Of the 146 Early Head Start children, 46 are funded by state grants.

All Head Start centers are licensed through the Wisconsin Department of Children and Families.

FINANCIAL AUDIT: The financial audit was conducted in December and March of 2022 by an independent auditor, Wipfli LLP.

Material Weakness was found on Capitalization. A correction plan has been submitted.

Transportation:

- 70% of our drivers have been here for more than 10 years making the transportation team the group with the greatest longevity at Family Forum, Inc.
- During the 2021-2022 school year, nine buses ran daily routes for approximately 917 miles a day equaling a total of 93,269 miles for the year: that's about 3 3/4 times around the earth!
- Collectively, 9,348 children have been transported to and from Family Forum, Inc. between five of our seven centers. Two of our centers are parent-transport only.
- All bus drivers possess a CDL with passenger and school bus endorsements.
- Our buses are DOT inspected annually and follow the Federal Motor Carrier Safety Administration requirements.
